MEMORANDUM FOR: Deputy Director for Science and Technology

SUBJECT: O/PPB Recommendation for FY 1974 and
FY 1975

REFERENCE: Memo from DD/S&T to D/SA dated 6 July 1973;
Subject: O/PPB Recommendations for FY 1974
and FY 1975 (DD/S&T-2060-73)

1. Reference proposes certain reductions in both funds and money for FY 1974 and FY 1975. Reconsideration is requested as indicated below.

25X1A

2. FY 1974: Restoration of the deleted [redacted] positions is requested in order to permit continuation of IDEALIST and OSA support activities as programmed.

3. FY 1975: Restoration of the deleted [redacted] positions and [redacted] for IDEALIST is requested. OSA has no guidance at this time which would permit us to plan or to budget for the elimination of the IDEALIST Program. Accordingly, we request full funding for the IDEALIST Program through the end of FY 1975.

In the event that a decision were to be made to close-out IDEALIST in FY 1975, the proposed position and fund authorizations would nevertheless be inadequate; sufficient funding would have to be provided to permit orderly closing of the bases, return of uniformed personnel to their present services, travel for contractor personnel now overseas, PCS return of CIA personnel from overseas and domestic installations and the pay-rolling of CIA civilian personnel until other positions for them can be found.

25X1A

4. No comment on fund reductions for [redacted] is submitted at this time.
